

Jordan Halley is a vibrant and talented 5th grader at Platte Valley Elementary School and member of High Plains Ag in Kersey Colorado

On December 27, 2018, she was diagnosed with stage 4 Hodgkin's Lymphoma.

With the blessing of her parents, Alan and Gail, we are putting together a benefit to raise money for the Halley Family. The benefit will be in partnership with High Plains 4H Club.

We are looking for local businesses and clubs to donate items for a Live Auction that will be held at the benefit on Saturday, March 23, 2019.

More information will be distributed regarding the benefit in the upcoming weeks.

We are asking for groups, clubs, businesses, and individuals to put together a basket or a donation item that will be auctioned live at the benefit.

Members from the High Plains Ag Club will be reaching out to school clubs, sports teams, and businesses to speak about the upcoming event and requesting your support.

All proceeds from this benefit will go directly to the Halley Family.

For information about the benefit and where to drop off your items
